

Chettinad

Dental College & Research Institute

INTERNATIONAL STUDENTS CELL

The International Student Cell was established in year 2014 as an independent unit of Chettinad Dental College to promote a global perspective in the teaching and research programs of the College. The Centre works as a liaison office between international students, foreign missions, and national agencies, on the one hand and on the other the college administration. This cell caters to the requirement of foreign students. This cell extends meet and greet service for the international students, health and welfare.

These international students cell also handles incoming visits by international students under students exchange program, prepares a guide for foreign students, provides visa assistance, travel, and hostel accommodation for them.

The Centre also provides necessary information to the international candidates seeking admission to various courses in abroad universities and to assist them in that process. The Centre does the pre-counseling work for admission of students under Foreign Nationals categories to Undergraduate and Postgraduate programs.

The College coordinates bilateral research and academic programs with overseas Institutions/Universities through Memorandum of Understanding (MoU), Exchange of Faculty/Students, Programs and conduct of International Joint Seminars/Conferences. To enhance collaborative research activities to develop a multi-cultural, multi-ethnic and inter-disciplinary learning environment in the college campus.

Subject: Request for 10 day observership in your institution

Dear Professor Rajesh,

I should be most grateful if you could consider a 10 day observership in your institution during August.

I am about to start my fourth year BDS as a student at Cardenal Herrera University Valencia, Spain (www.uchceu.es/en/) and would greatly value the exposure to a range of dental conditions at your dental college.

My father, Professor Ram Dhillon, Consultant ENT Surgeon at North West London Hospitals NHS Trust (www.nwlh.nhs.uk/), has recommended your institution through a colleague of his, Professor Balaji.

I very much look forward to having the opportunity to participate as a student at your institution.

With Kindest regards,

Selina Dhillon
