**REPUBLIC DAY AND TOBACCO AND ORAL CANCER AWARENESS CAMP**

**DATE: 26.01.2016**

**VENUE: Chettinad Health City, kelambakkam.**

**ORGANISED BY: CDCRI**

**SUMMARY:**

The 26<sup>th</sup> of January is a dated etched in the minds of Indians for it is resonant of how India rewrote history to deftly acquire the title of a republic nation. It is this eponymous responsibility and the dossier titled 'The Constitution' which synergistically acts as the scepter to the supreme power and prowess of this people's nation.

On the behalf of Republic day, tobacco and oral cancer awareness camp was organized by Chettinad Dental College and Research Institute .The use and abuse of tobacco seems to have hit a perturbing streak of escalation over the years with India leading the list. The ramifications of tobacco usage including keratotic and erythematous lesions in the oral cavity, oral cancer and precancerous lesions, lung cancer, chronic obstructive pulmonary disease and the decadent effects of passive smoking on the milieu were expounded to raise awareness against this perilous habit. The positive impact of tobacco cessation in the lives of the tobacco users was asserted to override the delectation and to seed in their minds a reverie to reach that coveted place where they are rid of the encumberment of tobacco in their lives.
