

Outreach Committee

Chettinad Dental College and Research Institute

Objectives

- ⦿ The committee *in co-ordination with the Department of Public Health Dentistry, CDCRI and Chettinad Medical College* organizes dental screening and referral camps to identify people with oral diseases and motivates them to receive appropriate dental treatment.
- ⦿ To enquire about the happenings of the camp at a regular basis and to take measure to solve the issues happening during the camp.
- ⦿ Identify with the community oral health problems.
- ⦿ Diagnose the oral health problems and their effects in the community.
- ⦿ Create public awareness on oral health issues
- ⦿ To overview the dental camps conducted over a period of time.
- ⦿ To improve the oral health of the community through conducting regular dental screening and in-house dental treatment camps.
